Oscillate PLC
 (“Oscillate” or the “Company”)

WRAP Retail Offer for up to £300,000

Oscillate PLC, a company focused on building an independent copper and future metals developer, is pleased to announce a retail offer via the Winterflood Retail Access Platform (“**WRAP**”) to raise up to £300,000 in conjunction with its IPO on AIM (the “**WRAP Retail Offer**”) through the issue of new ordinary shares of £0.005 each in the capital of the Company (following a 50 for 1 share consolidation of its existing ordinary shares of £0.0001 each) (“**WRAP Retail Offer Shares**”).

Under the WRAP Retail Offer, up to 1,333,333 WRAP Retail Offer Shares will be made available at a price of 22.5 pence per share. In addition to the WRAP Retail Offer and as announced on 1 April 2026, the Company has, subject to Admission (as defined below), completed a placing of £2.9 million (before expenses) (the “**Placing**”) in conjunction with the Company's Admission to trading on AIM. The issue price of the WRAP Retail Offer Shares is the same as the issue price of shares under the Placing.

The Company has published a Multilateral Trading Facility (“MTF”) Admission Prospectus in compliance with the AIM Rules. Further information on the Company and its business is set out in the MTF Admission Prospectus published earlier today and copies are available online at www.oscillateplc.com. The MTF Admission Prospectus also includes details regarding the Company’s intention to cancel the admission of its existing Ordinary Shares (the “**Existing Ordinary Shares**”) to trading on the Access Segment of the Growth Market of the Aquis Stock Exchange (“**AQSE**”) and to apply for admission of the New Ordinary Shares to trading on AIM, a market operated by the London Stock Exchange (“**Admission**”). The MTF Admission Prospectus also includes detail on the Company’s proposed share consolidation.

The WRAP Retail Offer and the Placing and Subscription are conditional, amongst other things, on shareholder approval at a forthcoming general meeting expected to be held on 24 April 2026 and on the New Ordinary Shares being admitted to trading on AIM. It is anticipated that Admission will become effective and that dealings in the New Ordinary Shares will commence on AIM at 08.00 am on 27 April 2026.

For the avoidance of doubt, the WRAP Retail Offer is not part of the Placing or Subscription or Admission and the WRAP Retail Offer will complete upon Admission.

About the Company

The Company's purpose is to establish a portfolio of sustainable copper and future metals projects based in world-class mining jurisdictions. Demand for copper and associated strategic metals is set to rise substantially in the coming years driven by the green energy transition, the rapidly expanding digital economy and other emerging technologies, which are expected to create significant shortfalls in supply. The Company aims to discover new potential sources of sustainable copper in order to meet the demand for independent and responsible sources of supply.

On 9 February 2026, the Company announced that it had entered into a sale and purchase agreement with KCL Investments Limited to acquire, subject to certain conditions being satisfied, all of the issued shares in Kalahari Copper which indirectly includes the licences held by Kalahari Copper's subsidiaries in Namibia and Botswana (the "**Acquisition**"). Completion of the Acquisition is expected to occur, subject to all conditions being met, simultaneously with the admission of the Company's New Ordinary Shares to trading on AIM, subject to shareholder approvals to be sought at the Company's General Meeting scheduled for 22 April 2026 and regulatory approvals. Further information in respect of the terms of the Acquisition can be found in the MTF Admission Prospectus.

The Acquisition will establish the Company as a large landholder in two emerging copper belts, subject to renewal of certain licences: the Kaoko Basin in Namibia, which is widely interpreted by sources in both industry and academia to be the extension of the prolific Central African Copper Belt, and the Kalahari Copper Belt in Botswana. The Acquisition will thereby give the Company the opportunity to explore extensive areas of highly prospective terrain in emerging exploration districts, adjacent to significant recent discoveries, in line with the Company's ambition to become a mid-cap copper and future metals development group.

The Company has also entered into a joint venture and earn-in agreement (as announced on 30 April 2025) in Côte d'Ivoire with La Minière de l'Éléphant in respect of the Duékoué molybdenum-copper Project. The arrangement allows the Company to earn up to a 100% interest through staged expenditure and milestone payments.

Together, the conditional acquisition of Kalahari Copper and the Duékoué joint venture are expected to:

- provide geographic and geological diversification across two high-quality and stable African jurisdictions with supportive mining policies, as well as the exploration project in Côte d'Ivoire;
- create a portfolio of early-stage exploration projects;
- position the Company to attract a broader investor base; and
- establish the foundation for a mid-cap copper and future-metals exploration and development group.

Oscillate PLC currently trades on the AQUIS market under the ticker SRVL. Subject to shareholder approval, the Company's name will be changed to Serval Resources Plc shortly following admission to AIM.

The Company values its retail shareholder base and believes that it is appropriate to provide both new and existing retail shareholders in the United Kingdom the opportunity to participate in the WRAP Retail Offer.

The Company is making the WRAP Retail Offer open to eligible investors following release of this announcement and through certain financial intermediaries. The Retail Offer is not being made into any jurisdiction other than the United Kingdom.

A number of retail platforms are able to access the WRAP Retail Offer. Non-holders or existing shareholders wishing to subscribe for Retail Offer Shares should contact their broker or wealth manager who will confirm if they are participating in the Retail Offer.

Retail brokers wishing to participate in the Retail Offer on behalf of eligible retail investors should contact WRAP@winterflood.com.

The Retail Offer is expected to close at 4:30 pm on 7 April 2026. Eligible retail investors should note that financial intermediaries may have earlier closing times. The result of the Retail Offer is expected to be announced by the Company on or around 8 April 2026.

To be eligible to participate in the Retail Offer, applicants must be a customer of a participating intermediary including individuals aged 18 years or over, companies and other bodies corporate, partnerships, trusts, associations and other unincorporated organisations.

There is a minimum subscription of £100 per investor under the Retail Offer. The terms and conditions on which investors subscribe will be provided by the relevant financial intermediaries including relevant commission or fee charges.

The Company reserves the right to amend the size and timings of the retail offer at its discretion. The Company reserves the right to scale back any order and to reject any application for subscription under the WRAP Retail Offer without giving any reason for such rejection.

It is vital to note that once an application for Retail Offer Shares has been made and accepted via an intermediary, it cannot be withdrawn.

The Retail Offer Shares will, when issued, be credited as fully paid, and have the right to receive all dividends and other distributions declared, made or paid after their date of issue.

Investors should make their own investigations into the merits of an investment in the Company. Nothing in this announcement amounts to a recommendation to invest in the Company or amounts to investment, taxation or legal advice.

It should be noted that a subscription for Ordinary Shares and investment in the Company carries a number of risks, including the risk that investors may lose their entire investment. Investors should take independent advice from a person experienced in advising on investment in securities such as the Ordinary Shares if they are in any doubt.

An investment in the Company will place capital at risk. The value of investments, and any income, can go down as well as up, so investors could get back less than the amount invested.

Neither past performance nor any forecasts should be considered a reliable indicator of future results.

The Company has published an MTF admission prospectus in compliance with the requirements of the London Stock Exchange which has been issued in connection with the proposed admission of the Company's New Ordinary Shares to trading on AIM ("**MTF Admission Prospectus**"). The MTF Admission Prospectus has not been prepared in accordance with the rules of the FCA for Admission to Trading on a Regulated Market and its contents have not been approved by the FCA. The MTF Admission Prospectus will not be filed with or approved by the FCA or any other government or regulatory authority in the UK.

UK Product Governance Requirements

Solely for the purposes of the product governance requirements of Chapter 3 of the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Requirements**"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the UK MiFIR Product Governance Requirements) may otherwise have with respect thereto, the Retail Offer Shares have been subject to a product approval process, which has determined that the Retail Offer Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in paragraphs 3.5 and 3.6 of COBS; and (ii) eligible for distribution through all permitted distribution channels (the "**Target Market Assessment**"). Notwithstanding the Target Market Assessment, distributors should note that: the price of the Retail Offer Shares may decline and investors could lose all or part of their investment; the Retail Offer Shares offer no guaranteed income and no capital protection; and an investment in the Retail Offer Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to any contractual, legal or regulatory selling restrictions in relation to the Retail Offer.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of Chapters 9A or 10A respectively of COBS; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Retail Offer Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Retail Offer Shares and determining appropriate distribution channels
